

Khalida Educational Foundation

Building Tomorrow's Foundation

Where Love Meets Learning, and Dreams Take Flight

Our Story

A Legacy of Love and Learning

The Khalida Educational Foundation stands as a living tribute to a remarkable woman whose unwavering dedication to education transformed countless lives.

Founded in loving memory, our foundation honors a mother's passionate advocacy for learning and her profound belief in education's power to change destinies.

Every program we create, every child we reach, and every community we serve carries forward her legacy—a legacy built on love, learning, and hope.

Mission & Vision

Our Mission

Making quality education accessible to every child, regardless of background or circumstances. We empower children with knowledge, skills, and confidence to build better futures.

Our Vision

A world where every child has equal access to quality education and the opportunity to reach their full potential.

Current Impact

1,250+

Students Supported

50+

Schools Partnered

\$250K+

Invested

85+

Volunteers

**Together, we are building a brighter future, one
educated child at a time.**

Our Solution

A Comprehensive Campus Vision

6,336 sq ft of Transformative Learning Space

AI Innovation Hub

Technology & Future
Skills

Knowledge Sanctuary

Literacy & Learning

Threads of Independence

Empowerment &
Economic Freedom

Campus: 48ft × 132ft

3 Specialized Facilities

Capacity: 120+ Daily

Modern Single-Story Design

Campus Overview

Three Wings, One Heart

AI Computer Lab: 1,900 sq ft (30%)

Modern Library: 2,100 sq ft (33%)

Stitching Center: 1,600 sq ft (25%)

Support Spaces: 736 sq ft (12%)

- ADA Compliant & Wheelchair Accessible
- Natural Ventilation & Lighting
- Sustainable Materials
- Modern, Functional Architecture

AI Innovation Hub

"Code Your Dreams, Build Your Future"

The Khalida AI Innovation Hub transforms young minds into tomorrow's technology leaders by providing cutting-edge computational learning experiences in an inspiring, collaborative environment.

Key Features

- 25 Ergonomic Workstations
- Maker Space (3D Printers, VR/AR)
- Collaborative Innovation Zones
- AI Learning Platforms

Learning Outcomes

- Computational Thinking
- AI & ML Fundamentals
- Coding Proficiency
- Robotics Programming

100+ Students Trained Annually

80% Skill Proficiency

Knowledge Sanctuary

"Where Every Page Opens a New Possibility"

The Khalida Knowledge Sanctuary reimagines the traditional library as a dynamic, multi-sensory learning ecosystem where curiosity flourishes and literacy transforms lives.

- Pattern Making & Design
- Business Management
- Financial Literacy

80+ Women Trained Annually

70% Employment Rate

Design Thinking Framework

Teaching children creative problem-solving through 5 phases:

Benefits for Students

 Critical Thinking

 Collaboration

 Innovation

 Empathy

Expected Impact

Transforming Lives at Scale

300+

Students in AI/STEM

500+

Library Users

80+

Women Empowered

1,000+

Lives Impacted

Every dollar invested creates exponential returns through educated children and empowered families.

Testimonials

"This foundation gave my daughter the opportunity to pursue her dreams. The scholarship program changed our family's life."

— Sarah Ahmed, Parent

"The AI Initiative opened my eyes to possibilities I never knew existed. I'm now studying computer science at university."

— Ali Hassan, Program Graduate

"Partnering with Khalida Foundation has been transformative for our school and students."

— Mrs. Fatima Khan, School Principal
